Main Office

MILFORD, CONNECTICUT

U. S. A.

NON-WARRANTY

F. H. WOODRUFF & SONS GIVE NO WARRANTY, express or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs, roots or plants they sell, and will not be in any way responsible for the crop. Purity or germination, when given, are the result of our tests, and are without warranty.

TERMS OF SALE

At the prices named herein, our terms are net 60 days, or less 1½% for cash within 10 days from date of invoice. Onion sets, grass and field seeds are strictly Net Cash. All goods f. o. b. shipping point. Cash or satisfactory references must accompany orders from unknown correspondants; otherwise shipment will be made C. O. D., or sight draft against shipping documents. Containers charged extra at value, and are not returnable.

The quotations in this list are intended for the seed trade only, and are based on our present or estimated supply. We reserve the right to decline orders and advance prices without notice. *Ask us for special quotations on large quantities.*

WHEN ORDERING

Please do not fail to specify how goods are to be shipped; whether by *freight, express or parcel post*. If freight or express office is different from P. O., so indicate on your order to avoid delay and extra expense. Marine insurance will be effected on foreign shipments at customer's expense unless instructed to the contrary.

TELEGRAPHIC CODE

When telegraphing orders, you may use our telegraphic code. Code words for varieties are found opposite the name of each variety; code words for quantities are listed on the inside back cover. Please do not use the code when ordering by mail.

Send your orders to our nearest branch.

TO OUR TRADE:

Our price list for 1935 gives you our wholesale prices to the seed trade, based upon our present and estimated supplies. We will be glad to quote special prices on large quantities, our stocks permitting.

The growing season of 1934 was especially unfavorable for some crops, owing to the heat and drought. It has left us short of some varieties of seeds.

As in the past, we offer only the best stocks that can be produced and at prices that are consistently as low as can be placed on seeds of high quality. It is sometimes possible to sell for lower prices, but not if quality is to be maintained. Selecting, breeding, roguing and inspecting are very important and necessary operations, and they all cost money. Without them we could not produce seed that would please you and your customers.

Again we call your attention to our excellent shipping facilities—

For the South, from Atlanta, Georgia

For the Middle West, from Toledo, Ohio and

For the East, from Milford.

Carlots direct from western growing stations.

While we are extremely busy in the spring, we nearly always ship spot orders the same day they are received.

We appreciate the fine business you have given us and our travelers, and wish you a most prosperous New Year.

Yours very truly,

F. H. WOODRUFF & SONS

TELEGRAPHIC CODE FOR QUANTITIES

The following code words for quantities will be found convenient for use in cablegrams and telegrams in conjunction with our code words for varieties. In writing such coded messages, use the following order: *First*, how shipment is to be made (mail, express or freight); *Second*, the quantity; *Third*, the variety. Examples:—

Freight 120 lbs. Bountiful Beans — FREIGHT VEX BALBOUN.

Freight 112 lbs. Thomas Laxton Peas and express 25 lbs. Saxa Radish — FREIGHT VESTRY PENTHOM EXPRESS VERB RASAX.

Mail 1 lb. each Wonderful Celery and Ailsa Craig Onion — MAIL VARLET CELWON DITTO OLSA.

Caution must be used in sending coded telegrams, however, as we will not be responsible for errors arising from the sending or transmission of coded messages. *Use this code only in telegraphic orders, not in letters.*
